

2013 Kentucky Residential Energy Code Trainings

Taught by Southface Energy Institute

Learn the principles behind energy code requirements and how to quickly and cost-effectively apply these code-compliant techniques to your current construction practices.

- **Single-day classes (8:30 AM to 5:00 PM)**
- **Perfect for homebuilders, subcontractors, code officials, and construction professionals**
- **BPI and ICC CEUs available**

Tuition for each course is \$25
(Regular Price: \$200 – **an 87% discount**)
